Monday, 12 December 2022

**22/23 – 080 Report from Ward Councillors**

Ward Councillors to update the Parish Council on activities within North Lincolnshire Council

**22/23 – 081 North Lincolnshire Council Matters**

To discuss and resolve any action on:

- i. Existing matters/issues
- ii. Issues reported at the meeting

**22/23 – 082 Governance & Financial Matters**

- i. To receive the Bank Reconciliation up to end January 2023 and approve payments for this period

**22/23 – 083 Planning**

To discuss and resolve any action on:

- i. PA/2022/951,1282, 1294

- **Update on PA/2022/951 PA/2022/1282 PA/2022/1294**

Modules stored on airfield without planning permission - far in excess of the 60 units with permission - Enforcement failed as units continue to arrive and depart. Conditions already in place on the approved application are being blatantly disregarded - what action is being taken by NLC to ensure these conditions are met? Questions via e-mail and telephone have been addressed to the planning dept regarding these applications which have not been answered. Current status - is this illegal, if so, what action is being taken by NLC?

- ii. PA/2022/1798 and 1799

- **Update on PA/2022/1798 PA/2022/1799**

Although in principal RPC do not object to these applications, there are a number of questions raised by the PC which have not been addressed or answered - interestingly PA/2019/135 - which is a very similar application, has answered some of the questions raised by RPC, why then are the same questions not answered on 1798 & 1799?

Some of the statements made on the Supporting Document (covering letter) are incorrect, namely that there are "no public rights of way (PROW) crossing the fields in the immediate vicinity of the proposed store" this is incorrect and the planning officer has rightly corrected this - but, the PO also makes reference: "The applicant has clearly demonstrated in the supporting evidence" - some of "the supporting evidence" has been shown to be incorrect - how can we assume that the rest of the document is correct?

- iii. Other Planning matters:

- **NLC Land - Hibaldstow Airfield** - update study for the feasibility and installation of green energy to benefit the local communities as discussed at RPC mtg 04 October 22

The entrance to the NLC land has been blocked by digestate stored in white wrap. This has been reported to enforcement comp-2022/373. The area, which had been cleared, is also now strewn with building rubble and soil which had previously been on the road leading to the NLC land.

- **Update on Redbourne Flood Mitigation Scheme** - A15 Attenuation Pond - the completion of the upstream attenuation pond on the A15 at Island Pond Plantation is vital and the major prevention for further flooding in the village. We understand there are land acquisition issues between the landowner and North Lincolnshire Council? Rob Waltham at the meeting in October indicated that work would start in spring 2023. Have the land acquisition issues now been resolved or a move to compulsory purchase? Until this part of the scheme is completed the village remains at risk of further flooding.  
(note that it is now 3 years since the last flooding event - 19 November 2019)

**22/23 – 084 Community Safety Matters**
